Camp No: 32-4.

SECTION S-E
FILE No. 5/486-
SERIAL No. 2

To
The Deputy Commr
Mysore

Sir,

With reference to correspondence ending with the Devan's Pro. No. 2216 of 125 of 11th July last, I am directed to observe that the list submitted by you of Toddy Topes ~~last~~ situated in the French Rocks Sub-Division from which Messrs Davy & Co wish to draw Toddy for the supply of their shops in the neighbouring Talucks of the Mysore Dist, includes many Topes which do not seem to be absolutely required by them, such, for instance, as the Topes which are 20 & 30 miles distant from the villages

For

for which they are said to
supply Toddy. I am accordingly
to request you that so soon
as to enquire and report
whether there are no Topes
of similar distances included
in the Taluks belonging to
Messrs Davy & Co's Contract
from which Toddy could
as well be supplied to the
Villages in question, and
whether there are any reasons
why they should not obtain
the required supply from
their own Taluks instead of
resorting to Taluks which
are under another Contractor.

2. If the supply
required for the Villages
in question cannot be
met from the Taluks included
in Messrs Davy & Co's Contract,
the Dewan will be prepared
to authorize the supply being
drawn from Topes belonging
to Messrs Kamniah & Co,
provided

provided the farmer agree
to pay a reasonable
price for the Toddy so
obtained - If Messrs Davy
& Co agree to this arrangement,
they must be required to
state in writing what
quantity of Toddy they
require daily, in the villages
in question and at what
particular places on the
frontier of the Sub-Division
Taluks they wish the same
shd be delivered to them - Ar-
rangements can then be
made with Messrs Kamiah
& Co for the delivery of the
required quantity at the
places named, the payment
of the price, including cost
of transit, being made
in such manner as may
be fixed by the Dewan -
This arrangement will be
fair

fair to both parties and will remove all cause for complaint.

3. Numerous complaints have been received of which the manner in which Messrs Davy Muddappah & Co exercise the Concession recently granted to them, and if reasonable grounds for such complaints exist, it will be necessary to withdraw the Concession.

Messrs Davy Muddappah & Co should also be required to state at once whether their Servants have been selling Toddy at reduced prices in Taluks which belong to Messrs Kamiah & Co's Contract but in which Messrs Davy Muddappa & Co have been allowed to draw Toddy to supply villages included in their own Contract.

4. A copy of this letter has been sent to Messrs Davy Muddappah

Muddappah & Co & Messrs Kamaiah & Co to prevent delay, and the Dy Comr is requested to submit his report after consulting them, within 7 days from this date - If the Deputy Comr is unable to submit his report because either party fails to give the required information, the fact should be at once reported and final orders will thereupon be issued -

Yours &c

Deputy Commissioners Office,
Mysore District,
Dated Mysore 6th Nov 1884.

SECTION S. R
FILE No. 5 of 84
SERIAL No. No. 3

The Secretary to the Dewan
of Mysore

Sir,

With reference to your Camp No. 32-4 dated - October 1884, regarding the Toddy topes in the Taluks of Messrs Kanamia & Co's contract where Messrs Muddappa & Co draw toddy, I have the honor to report that both parties appeared before me on the 4th instant and I heard what they had to say with regard to the different points mentioned in the letter under reply.

Secry's - Para I. 2. It appears that the Toddy drawn in the Topes of Kameambady belonging to Messrs Kanamia & Co is taken to French Rocks and its neighbourhood, all within a distance of 10 miles - if this is stopped Messrs Davy & Co will have to bring Toddy from Belagola which belongs to them

them, the distance will then be within 15 miles. The toddy brought from the topes of Arlhalli belonging to Messrs. Kanamiah & Co is brought to Mélkota a distance of 13 miles, if this is stopped Messrs Davy & Co will have to take their toddy from Arkeykery, Seringapatam Taluk (distance 11 miles) and other small topes which exist in the Taluk; their requirement being only 7 or 8 pots of 24 seers each daily.

3. The toddy brought from Bheeman halli Topes of Kanamia & Co is carried to Mandya and Maddur - distance from 12 to 34 miles: if this is stopped Messrs Davy & Co will have to bring from the Tope below Koppa tank which belongs to them when the distance will be from 15 to 30 miles.

4. Messrs Kanamiah & Co say that there are toddy topes in Mandya and Maddur Talukes which can meet the wants of both Talukes; to

SECTION S.R
FILE No. 5 of 84
SERIAL No. 4

No. 184.

Sub Division Office
French Rocks 9th Nov: 84

To,

The Secretary to the
Govt of Mysore
Rev. Department.

Sir,

With reference to your docket camp No: A2 dated 29th October 1884 calling for a report on the Complaint of Messrs Kanamia Dodda Mallama & Co Dodg Contractors I have the honor to submit herewith the report of the Amildar of Attikuppa No. 871 dated 5th instant together with record of the proceedings held by him. The Amildar

was asked by me to pro-
ceed to the spot and investi-
gate the matter thoroughly,
if possible, in the presence
of parties.

2-. It would appear that
Dodda Mallanna on behalf
of Kanamia Doddahallanna &c
and one Chowdia tope Mut-
taddy under Messrs Davy
Muddappa &c were present.
An abstract of the points
on which the Amildar was
directed to hold an enquiry
and give his opinion thereon
as also his opinion
is herewith submitted in
English.

3-. From the proceedings I
am satisfied that Kannam-
body tope as well as Girrayerlalli
Pate used to supply toddy to
French Rocks Shop. For a few

years a former Contractor would appear to have brought down toddy from the Seringapatna Taluk in basket-boats to this side of the river and sent it on to French Rocks. The Amildar says that for some time in the beginning of this year the present Contractors Davy Muddappa & Co used to get their supply from Hangarahalli ~~and Belagola~~ of the Seringapatna Taluk. The Kannambady topes have to supply toddy to many shops in the jurisdiction of Kanakapura Dod Hallama & Co also. In allowing these two rival firms to draw toddy from the same topes there is

great risk of Constant
quarrels and fights and
loss on both sides. More-
over, Mallkoté has lately
been transferred to Serimfa-
patna, but the Mallkoté Shops
still continue to be supplied
from the Attikuppa topes.
It can be easily imagined,
that under this arrangement,
when there is ill feeling between
parties as is the case now,
it is possible for the Contractor
drawing toddy from topes
outside his jurisdiction to
inflict serious loss on his
opponent by taking away
more than the necessary
quantity of toddy on the
ostensible plea of its being
required for his Shops. I
do not see any remedy to

this evil except bringing both the Taluks under the Contract of one and the same Contractor, and if this is not possible by insisting on Davy Muddappa & Co drawing their supply for French Rocks and Mallkaté from the Extensive topes of Serinagapatam and Mandya Taluks respectively as they would appear to have done for some time -.

4-.. There is evidence to shew that the farm of Davy Muddappa & Co have been selling toddy at rates lower than those prescribed, and at unauthorized places. Notice will be taken by me of this matter separately.

I have the honor to be,
Sir,
Your Most. Obed't Servant.

No. 264

SECTION S. 2
FILE No. 5 of 84
SERIAL No. 6
Yo

Sub-Division Office,
Camp Attikuppa 6th January 85.

The Secretary to the Dewan
of Mysore,
Revenue Department.

Sir,

In obedience to the orders of the Dewan conveyed in Proceedings Camp No. 113 dated 21st November 1884, I inspected the toddy topes mentioned in the Proceedings in the company of Mr. Davy on behalf of Messrs Davy Muddappa & Co. and of Mr Dodda Mallanna on behalf of Messrs Kanamiah Dodda Mallanna & Co.

2. The result of the inspection and of the inquiries instituted by me is given in the Memorandum prepared at French Rock

under my directions in Canarese in the presence of Mr. Davy and Messrs Kamamiah and Dodda Mallanna on the 5th day of December and signed by both the parties above named.

3. Mr. Davy being in a hurry to take the train to Mysore could not sign the Memorandum on that day, and proposed that it should be sent to him to Mysore. On the same day after the Memorandum had been signed by Messrs Kamamiah and Dodda Mallanna, I sent it "Muddam" to Mr. Davy to sign. After detaining it 4 days he wrote to me letter No. 536 dated 9th Decem: ber 1884 in which he says that he has signed the Memorandum under "protest" and evidently wishes to withdraw from the position he had taken on the 5th December 1884 as regards the Bheemanahalli topes.

4. His proposal to pay for the toddy drawn from the Bheemana: halli topes at the rates agreed upon

for the toddy supplied from Kyyonahalli and Kanalahalli topes was referred to Messrs Kannamiah Dadda Mallappa & Co. and they in their reply No. 116 dated 14th December '84 summarily reject it. The fact is that the low rates agreed upon in para 2 of the Memorandum is the result of a compromise and would not have been accepted by Mr. Kannamiah if they had not been confined to the Kyyonahalli and Kanalahalli topes.

5. I beg to summarise my report on the order under reply as follows:

(a). The toddy from the topes at Belagola and Hongahalli is more than sufficient to supply the shops they now supply and also the shops of French Rocks pinkha. There is no necessity for indenting on the Kannambadi topes for supplying the French Rocks pinkha. Messrs Dany Muddappa & Co. cannot reasonably plead distance and difficulty of transport with

regard to supplying French Rocks Firkha from Belagola and Hongahalli as they at present supply Davasagappé on the French Rocks side of the river and within only 3 miles of French Rocks from the above topes. Moreover Mr. Davy on behalf of Messrs Davy Maddappa & Co. have agreed to draw the supply for the French Rocks Firkha from the above said two topes and this agreement has not been repudiated in the subsequent letter.

B. As regards the Melkoté Firkha, I was satisfied from my inspection that the two Kunkeré topes could not meet the demands of the Melkoté shops and the parties also have agreed to the supply being drawn from Kygonhalli and Karalahalli topes on the terms specified in para 2 of the Memorandum. There is also no repudiation of the terms of the agreement on this

question.

C. The only question with reference to which there is dispute and on which my decided opinion is called for is as regards the Bheemanahalli topes. I still adhere to the opinion expressed in para 4 of the Memorandum. It is admitted that Koppa Farkha never used to be supplied from the Bheemanahalli topes. There remain only Kavala and Babi Farkhas which, as remarked by me in the Memorandum must be supplied from the Mandya and Maddur topes. I fear that the proposal of Messrs Davy Muddappa & Co. to pay for the Bheemanahalli toddy required for Babi and Kavala shops at the rates agreed upon for Kygonhalli and Kavalahalli has been made simply with a view to prolonging the

controversy by which I may remark they are no suppressors.

6. The enclosures of the Proceedings under reply are herewith submitted.

I have the honor to be,
Sir,
Your most obed. servant.

P P Mackenzie

Officer in charge - French
Rocks Sub - Dn.

Memo.

Question	Answers.
I. Is it true that Messrs Danj Muddappa & Co sell in the grove itself and at reduced rates, toddy extracted in Eechal- péléi at Kamaimbody?	I. Vana Mutaudd Chowdayya attached the firm of Messrs Da Muddappa & Co stat that it is true that to is given free of cost the poor and to the beggs when they come to the Eechalpéléi. It is al customary to give 16 persons at 2 seers of to each per diem in lie of their daily wages wh they are employed fo guarding the péléi an fermenting toddy pots to the ca Any one who offers him for his work will be employed - both the ab

exception toddy is not given free of cost or sold at low rates...

Ediga Pasi Gowda states that 4 sers per diem are given to only two persons in lieu of their coolie as per Talatis orders. The coolies (3 women) state that they receive 4 sers in lieu of pay...

The Amildar is satisfied from the statement of five persons examined when they were taking toddy from the pete that they received toddy in the grove itself at the reduced rate of 3 pice a ser from the Ediga's at the pete...

II. Is it true that the above firm have established new shops and sell toddy in places other than those covered by their license?

Yes. A new shop has been opened at the Hanumadihalli bridge. The Vana Mutsaddy explains

that this shop which should have been kept at Bilikal has been removed to the bridge. Dod Mallanna contends that the shop at Bilikal belongs to him. There is a distance of nearly 1½ miles from Bilikal to the bridge. If the allegation of Dod Mallanna that the shop at Bilikal belongs to him be true it is certain that he has sustained loss by this new shop. The establishment of the shop at the bridge seems to have been made with a malicious intention.

III. Is it a fact that toddy extracted in the groves in Kannambady was being supplied to French Rocks and was it being supplied to any other place in addition?

From the statement of three persons it would appear that about 4 or 5 years ago Anche Gowda was getting the supply of

toddy on boats from
groves belonging to
Seringapatna Taluk
situated on the Shes
side of the Kaveri river
and sending the same
on to French Rocks, as
also the fact that toddy
was being obtained for
French Rocks from Hongra
halli and Ballagula
pété in the Seringapatna
Taluk for some time this
year. The evidence is
not conclusive to shew
that Kannambady groves
alone were supplying
French Rocks with toddy;
but it may be safely
stated that toddy was
being supplied from Kan=
nambady, Giriyapalla
&c.a pété for use in Shops
at Kagathankalli, French
Rocks and other places.
The Cutter is the practice

now observed--

The reply given to Query 3 will answer this question to some extent In regard to payment to the Contractors in whose Contract Kannambadi is included, of a Commission for the quantity of toddy removed in French Rocks, Mepr. Dodda Mallamat protest against the proposal, and say that they are not willing to supply Davy Muda &c on any terms.--

In the event of there being separate Contractors for the French Rocks and Kannambady Districts is it "Mamool" for the toddy from French Rocks being drawn from Kannambady. Such was the practice it advisable to allow toddy to be supplied still, and if so would it be well to allow it to be done free of charge or on payment of some Compensation?

W. Mackenzie
Sub Collector
French Rocks.
